

VISION 1

VISION 1

A scalable scanner designed specifically for distributed cheque capture

The Panini Vision 1 is a single drop feed, high value cheque scanner for highly professional and user-friendly small-medium business Remote Deposit Capture or low volume Teller Image Capture applications.

The Vision 1 is able to read cheque MICR codelines with top accuracy, capture superior quality duplex images (including TrueColor and FastColor) and physically mark items on the rear side via its one-line ink jet printer – effectively positioning it for all circumstances where legislation, compliance requirements, or the Financial Institution’s preference imposes the use of rear physical item endorsement – while simplified mechanics and no feeder consumables enable even simpler maintenance and increased cost savings.

The Vision 1 leverages the proven performance and capabilities of the world’s most trusted platform in check capture, the Panini Vision X universally considered the industry benchmark for distributed capture with close to a million installations worldwide bringing its many advantages and benefits to a small volume capture scenario.

TECHNICAL SPECIFICATIONS

Unit Size

Height: 7.28" (185 mm)
Width: 5.43" (138 mm)
Length: 10.39" (264 mm)
Weight: 5.51 lb. (2.5 kg)

Scanner Speed

Single feed scanner

Document Size

Height: 2.12"–4.17" (54–106 mm)
Length: 3.14"–9.25" (80–235 mm)
Weight: 16–32 lb. (60–120 gsm)

Document Feeder

Holds up to 100 documents

Exit Pocket

Single exit pocket capable of storing up to 100 documents

Interface

USB 2.0 port

Supported Operating Systems

Windows Vista® (32/64 bit)
Windows 7® (32/64 bit)
Windows 8.x® (32/64 bit)
Windows 10® (32/64 bit)
Windows 11® (32/64 bit)
Unified API (Vision API), in common with other Panini platforms

Electrical

Power supply input voltage: 100 to 240 VAC, 50 to 60 Hz
Device input voltage: 30 VDC

Maintenance

Maximum accessibility to minimize MTTR. Total access to scanner and track area

Standard Warranty

2 Year
